STRIKE CALLED FOR FEB. 17

**Railroad Unions Demand Imme-
diate Increase—2,000,000 Rail-
road Men Affected**

(By United Press.)

Washington, Feb. 11.—The result of the railroad wage conference between Director-General Hines and representatives of the employees probably will determine whether the rail transportation systems will be tied up by a strike before government surrenders control.

The situation was regarded as critical by the railroad administration and union officials. At the conference, which in effect is wage negotiation between the government and more than 2,000,000 railroad men, vigorous efforts will be made to reach an agreeable settlement.

TWO CASES AND A DEATH

**Influenza Cases Now on the Decline
in Rush County**

The influenza situation is evidently on a decline in Rushville, as there were only two cases reported this morning and each of these are in the same family, Virginia and Charles Foley, small children of Mr. and Mrs. James Foley, being the two cases reported. Mrs. Foley was reported the other day. Most of the cases so far reported are confined to families and at no time has the disease made an appearance in an epidemic form. Local physicians are elated over the fact that the disease is being combated here so successfully. Fayette county has a total of 425 cases, which shows that Rush county is an exceptionally healthy community at the present time.

SEN. LODGE OFFERS HIS NINE AMENDMENTS

**Are The Same as Worked Out in
The Bi-Partisan Treaty Con-
ference Held Recently**

NONE FOR MONROE DOCTRINE

(By United Press.)

Washington, Feb. 11.—Senator Lodge offered in the senate nine amendments to the Lodge reservation to the peace treaty today.

The amendments are those worked out in the bi-partisan treaty conferences recently held in Lodge's office. They effect the preamble, withdrawal, domestic questions, Shantung, naming of American representative to the league, payment of the United States share of the league's expenses, disarmament, status of foreign nationals under article 18 and voting power.

Lodge did not submit an amendment on article 10 or the Monroe Doctrine. The amendment to the reservation on voting power is the only one of those submitted by Lodge on which virtual agreement had not been reached in the bi-partisan conferences.

Lodge's action today made the bi-partisan agreement the official program of the Lodge forces in the senate. Lodge offered to get the support of Democrats to the change because the democrats in the bi-partisan conferences had agreed to most of the amendments presented today.

MUTINIED CREW ARRESTED

**Will be Returned to This Country
For Trial, Says Daniels**

(By United Press.)

Washington, Feb. 11.—The crew of the shipping board vessel Poughkeepsie has mutinied and has been placed under arrest at Bermuda by the commanding officer of the United States steamship Sacramento. Secretary Daniels' advised today.

The crew was arrested at the request of the American consul at Bermuda. The men will be brought to Hampton Roads and delivered to the United States federal attorneys on charge of mutiny, the dispatch said.

FAYETTE'S FIRST VICTIM

Connersville, Feb. 11.—The influenza epidemic which has been rampant in this county for the past month claimed its first victim last evening, when James E. Ray, aged forty years died at his home on North Central avenue. The remains will be shipped to Greensburg for burial.

The dance which was to have been given Thursday night at the Knights of Pythias hall has been postponed on account of the death of Brother Lewis, Ging.

SUBMARINES ARE SAFE

Washington, Feb. 11.—Five submarines caught in severe storms while on their trip from Bermuda and which were several days overdue, are now safe in United States water, the navy department advised today.

Milroy Woman Celebrates Her Ninety-ninth Birthday Happily

MRS. ANNA BOYD BOWLES

"Ninety-nine years young" is the way friends of Mrs. Anna Boyd Bowles of Milroy, who celebrated her birthday today, like to refer to her. They affectionately call her "Aunt Ann Bowles" and she counts among her friends scores beyond number who have been won by her kindly disposition.

Mrs. Bowles looks forward from one year to the next to the anniversary of her birth when her admirers shower upon her their very best wishes in the form of spoken words and letters and postcards. More than one hundred persons remembered her through the mails last year, and the "shower" this year was expected to be the number of tokens of good will received.

Although within one year of the century mark, "Aunt Ann" retains a clear memory, speaks intelligently of current events and works almost incessantly with her hands. She spends practically all of her waking hours in knitting and with fancy work, and almost without number are the beautiful pieces which bear testimony to her industry.

Mrs. Bowles is an ardent admirer of Senator James E. Watson and has for many years expressed the hope that she may live to see him become president of the United

States. During the campaign of 1916 Mrs. Bowles had a place of prominence at the coliseum when Senator Watson spoke here.

Mrs. Bowles keeps in touch with the age through conversation with her niece, Mrs. Anna Thompson and Harmony Parsons, who live with her. They also read newspapers and magazines to their aged charge.

To Mrs. Bowles fell the distinction of being the only person to have a picture in the Red Cross publication, Rush County War Activities which was issued in 1918. An excellent likeness of her appeared in the front of the book, accompanied by a brief history of her life, since she was then and still is the oldest member of the Rush county chapter.

"Aunt Ann" comes from a family whose members all lived long and fruitful lives. She is a daughter of the late Captain Boyd, one of the county pioneers who lived to the unusual age of one hundred and one years. She has three first cousins living—Mrs. Atilda Burton of Denver, who is 94; Charles L. Boyd of El Cajon, Calif., who is 77 years old, and his brother, who is 79 years old.

Capt. John Boyd was born Feb. 11, 1821.

DISTRIBUTION WILL GIVE \$1055 TO COUNTY

**This Money Will be Turned Over by
the Secretary of State Within
Next Ten Days**

SHARE OF AUTO LICENSES.

Within the next ten days there will be turned over by state officials to this county, the sum of \$1,055.44 which is the amount due Rush county for money received by the secretary of state for automobile licenses.

The last legislature enacted a law providing that the whole of the revenue of the automobile department revert to the State Highway Commission, to be applied to the construction of roads.

The total amount collected by the automobile department since July 1, 1919, was \$130,179.01. Expenses of the department were \$21,285.72, leaving a balance of \$108,893.29 to be distributed to the counties, and of this Hancock county will receive \$1,072.75. Rush county will draw \$1,055.44; Henry, \$1,473.51; Shelby, \$1,187.60; Hamilton, \$1,630.40; Madison, \$2,209.55.

The fund is distributed on the basis of one-third equally to the ninety-two counties one-third according to the number of miles of county controlled gravel roads, and one-third according to the amount of receipts from each county. There are 34,515.93 miles of gravel roads controlled by the county commissioners in the State.

IMPORTANT MEETINGS PLANNED FOR FRIDAY

**Jackson and Rushville Farmers Will
Meet and Big Attendance is
Urged**

LET FERTILIZER CONTRACTS

Two important farmers' meetings are scheduled for Friday night in Rush county, when the Jackson township farmers meet at the Osborne school and the Rushville farmers at the Webb school house.

The Jackson township farmers have been called by the president, Elmer Porter, and at this meeting definite steps will be taken toward having fertilizer and for this reason a large attendance is urged.

Two weeks ago the Rushville farmers met at the Webb school and were given facts about fertilizer by County Agent M. F. Detrick, and a committee was then appointed to look further into the matter and obtain prices. This committee will report Friday night and the orders for fertilizer will be placed.

All of the Rushville township farmers, intending to purchase fertilizer, should attend this meeting, according to Will M. Brown, township president. The prices will be given and the entire amount for the township will be purchased at the same time, thus making a saving in prices. The committee which investigated the prices met this afternoon in the court house and completed their plans.

STARTS ON WORLD TOUR

**Dr. Tucker, Former Rushville Man,
Will Make a Big Tour**

Friends here have received cards from Dr. C. J. Tucker, formerly a physician of this city, who is now in the service of the government. The cards were mailed from Panama and stated that he was ready to leave for a trip around the world visiting many interesting eastern places before returning to this country. Dr. Tucker is chief surgeon on the ship "Edelwyn" which has been transporting troops from Russia to this country.

The "Edelwyn" left Panama January 27 on a cruise that will take in practically every country in the orient. Dr. Tucker enlisted in the medical corps soon after the declaration of war.

LEWIS GING EXPIRES EARLY THIS MORNING

**Sewing Machine Man Here For
Years Dies at Home of Sister in
Gings Station**

BELONGED TO TWO LODGES

Lewis Ging, well known business man of this city, died early this morning at the home of his sister, Mrs. James Leonard in Gings Station, after a long period of suffering with various organic complications. Mr. Ging was 50 years of age and was unmarried.

For a great number of years he was in the sewing machine business in Rushville, having been compelled only a short time ago to give up his business on account of poor health. The deceased was a member of the Knights Templar lodge of this city and was an active member in the Masonic lodge. He was also a member of the K. of P. lodge.

He is survived by two sisters, Mrs. Leonard at whose home he died and Miss Nellie Ging, of the same vicinity. The funeral services will be held Friday morning at the Fairview church and burial will be made in the cemetery there. The cortege will leave the house at ten o'clock.

SAYS LABOR WILL NOT TAKE PART IN FUTURE

**Labor Leader Issues Statement That
Labor Will Not Take Part in
Ireland's Affairs**

DENOUNCES GEORGE'S POLICY

(By United Press.)

London, Feb. 11.—"Labor will take no part in another betrayal of Ireland and will not acquiesce to any policy furthering withholding from the Irish people the sympathy of national and political liberty," Arthur Henderson, labor leader said today.

Commenting on Premier Lloyd George's speech to the new session of the house of commons in which he expressed his intentions of bringing up the new Irish home rule bill during the present session of parliament, Henderson asserted the premier's plan did not have a single friend in Ireland.

Lloyd George's program will not solve the Irish problem, he said.

EXECUTION SET FOR NEGRO

**Murderer if Girl Will be Electro-
cuted March 11**

(By United Press.)

Eddyville, Ky., Feb. 11.—WILL Lockett, negro murderer of Geneva Hardeman, school girl, entered the death house here today under guard of federal troops who escorted him here from Lexington.

Lockett expressed a wish that he might be punished for his crime immediately instead of spending weeks in the death house. He will be electrocuted March 11.

LIBERTY BONDS LISTED AT PAR

**National Banks in Rush County Re-
ceive Instructions From The
Comptroller of Currency**

NO CAUSE FOR ALARM.

**Fall in Price is no Reflection Upon
Value and They May be Consid-
ered a Good Investment**

A circular letter has been received by the national banks of Rushville and those of the county from the treasury department, comptroller of currency, authorizing the listing of Liberty bonds among their assets at the purchase price instead of the current market value. The letter gives official confirmation to press dispatches of last week, in which it was stated the comptroller of the currency had authorized this action.

"There is no cause for anxiety because of the recent decline in the market value of Liberty bonds", the letter says. "The fall in price is no reflection upon their intrinsic value and desirability, but the lower quotations offer investors an extraordinary opportunity to obtain at very attractive prices the best security in the world".

The ruling means that bonds purchased by banks during the original selling campaigns can be listed at par, but those purchased by banks at discounts must be carried on the books as assets at the purchase price. Many bond holders have sought additional information regarding the first reports of the change in listing the bonds.

"The people of this country need have no doubt of the ability of this nation to now and always meet in full every obligation and commitment", the government's letter reads, "and it is the opinion of well informed students of the situation that it should not be a long while before Liberty bonds and Victory notes will command, not only their par value, but probably a considerable premium."

"United States Liberty bonds have already been very widely distributed to investors and digested. On November 17, 1919, the amount of Liberty bonds owned by all national banks amounted to only \$820,000,000, which was less than 4 per cent of the total resources of the national banks at that time."

"The income of the people of the United States in excess of ordinary living expenses," says the comptroller, "probably amounts at this time to more than ten billion dollars per annum, and less than one-tenth of this estimated surplus investable income would be sufficient to absorb in twelve months all investments still held by national banks in Liberty bonds."

ORANGE TP. FARMERS HOLD A BIG MEETING

**Place Orders For Fertilizer and De-
cide to Hold All Day Meeting
February 26**

WOMEN SERVE HOT LUNCH

The Orange Township farmer's held one of their best meetings last night in the church at Moscow, when over 100 farmers attended the meeting. The big topic for the meeting was the discussion of fertilizer, which resulted in the placing of a big order by the township farmers.

At the close of the meeting the ladies served sandwiches and coffee. There was no speaker on the program except county agent M. F. Detrick, who made a few remarks encouraging the purchase of fertilizer by the farmers.

It was also decided upon that a special all day meeting of the township organization will be held in Moscow on Thursday February 26. At this meeting Mr. Detrick will test samples of soil for the farmers in order to ascertain if the soil contains acids or not, and if it is in need of lime.

GOVERNMENT BRINGS IN FRAUD CHARGES

**Witnesses Testify That Signatures
on Democrat's Petition Were
Not Genuine**

NEWBERRY CASE GOES ON

(By United Press.)

Grand Rapids, Mich., Feb. 11.—Newberry forces not only fanned the democratic candidacy of James Helme for senator in 1918 secured fraudulent signatures to nomination petitions, witnesses appeared on the stand of the Newberry trial today.

The Helme candidacy was inserted into the campaign by Newberry forces to defeat Henry Ford, the government charges.

Five witnesses repudiated their signatures on Helme's petition as being genuine.

This was the first effort of the government to introduce fraud charges in the indictment under which Senator Newberry and others are standing trial.

Former S. C. Osborn was on the stand this afternoon for the government and told "how he once tried to be governor."

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

ANDERSON-FRANKLIN GAME

Interest Displayed Here For Big
Game Tonight at Franklin

Much interest is displayed here,
as well as every city in Indiana, as
to the outcome of the basketball
game tonight at Franklin, when the
Anderson team meets the Franklin
high school there. Both teams are
running high for state honors and
early in the season Franklin de-
feated Anderson by four points,
and Franklin was defeated by Mar-
tinsville by a close score, but in a
recent game won from them in an
overtime contest. Franklin and An-
derson both have played Rushville
this year and local fans will have
an opportunity of seeing Franklin
in action here a week from Friday,
when they play Rushville high
school a return game.

EASES A COLD

WITH ONE DOSE

"Pape's Cold Compound" then
breaks up a cold in
a few hours

Relief comes instantly. A dose taken
every two hours until three doses are
taken usually breaks up a severe cold
and ends all the gripe misery.

The very first dose opens your clogged-
up nostrils and the air passages in the
head, stops nose running, relieves the
headache, dullness, feverishness, sneez-
ing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing
and snuffing! Clear your congested
head! Nothing else in the world gives
such prompt relief as "Pape's Cold Com-
pound," which costs only a few cents at
any drug store. It acts without assist-
ance, tastes nice, contains no quinine—
Insist upon Pape's!

Great Variety of Valentines Are Exhibited

Valentine day is a little less than
a week off, and as the season ap-
proaches, the counters at the va-
rious shops are taking on a gay ap-
pearance and gorgeous boxes are
finding their way to the shelves
while windows and other such places
are being plastered with the friv-
olous little pieces of paste boards
which carry on them expressions of
sentiment. In fact about everything
and every place is giving way in the
stores to the valentines and this
year they are more elaborate and
appealing than ever.

For the past few years Valentine
day has not been extensively ob-
served, but this year there is a prom-
ise of return to the old-fashioned
custom of sending valentines and al-
ready the buying is becoming rather
brisk. There will be no excuse for
any one's not being able to find what
he wants in the way of valentines
this year for the supply is exceed-
ingly large, and the prices are mod-
erate, ranging from one penny to as
high as five dollars. Of course, more
elaborate valentines such as a box
of choice candy or a cluster of fa-
vorite flowers can be substituted for
the fancy manufactured kinds and
which will run much higher in price.

The old fashioned valentine made
of pink silk and bedecked with for-
get-me-nots, and carrying an ex-
pression of sentiment are now on
display and hold a big place on the
counters. They are to be had in
many designs, there being the harp
in pink or blue silk and lace, fan
shapes of dainty colored satins and
flowers, conventional designs of all
kinds and many novelties, all of
which remind one of the days gone
by. Then, too, there are those which
represent to present day airplanes
and military features, such as tanks
cannons and soldiers, and an es-
pecially pleasing little valentine is
to be had which illustrates popular
songs and dances, the music for
which is printed on the inside of the
cards. Old fashioned girls, wearing
hoop skirts of pretty tissue paper
and carrying fans are also a novel-
ty and then, too, there are the un-
usual hand painted cards and the
more modestly engraved cards car-
rying a single greeting. Perhaps one
of the most beautiful of the valen-
tines on display is that of a large
highly colored picture. It is on a
folder and has a greeting which can
easily be removed and the picture
later framed. These are mostly done
in hand painting and are entirely
new and different from the usual
sort of valentines. While these vari-
eties predominate on all counters,
mention must be made of the com-
ic valentines, while somewhat out of
date now, still are in favor with a
few, and they necessarily must have
a place among the more beautiful.
Among this class can be found all
the ridiculous characters that might
be imagined, and to some of them
the words "ugly" and "horrid" only
can apply. These are not finding a
very favorable market except with
some of the children, yet the custom
of buying comics seems to be dying
out even among the younger gener-
ation.

Means to an End

Books for everybody and as a result better citizens in the United States.

This is the worthy aim of the American Library association which has started a "books for everybody" campaign and in so doing has

enlisted the solid support of its four thousand members. The movement should not be regarded too lightly because too much emphasis can not be placed on the value of good reading, especially in an age such as this when the minds of the people are liable to be enthralled by dangerous subjects which lead to social unrest and subsequent upheaval.

The association will require two million dollars to carry on this enlarged program, which should be a big factor in the movement to combat bolshevism and kindred isms which are attacking the foundation of democracy. The association will advocate the extension of the industrial plant-library idea which it is believed in many quarters will go a long way towards solving the industrial unrest through the application of the "book as tools" idea.

The money which the association needs to enlarge its usefulness will not be raised by means of an intensive campaign but through the individual efforts of the librarians themselves. By what the association has already accomplished may we judge what it will do in the future with more funds at its command.

The needs of the blind are great and the provision to serve them woefully inadequate. The A. L. A. will remedy this. In this one instance alone the treasure-trove of good literature will be opened to 75,000 blind in the United States. The Association will advocate and assist with its counsel and influence the extension of the county library system which will bring about the circulation of books to every cross-road, hamlet, ranch and logging camp in the country.

Books, now being furnished by the American Library association, are circulating to the most distant ports in the world on board the ships of the United States Merchant Marine. It is now meeting the book needs of the coast guard and

SAYS HUSBAND CAN SEE A BIG CHANGE IN HER

**Benefits This Woman
Gained on Vola Tonic
Are Easily Noticed**

Although Mrs. Mary Bonner, of 737 Clark street, Cincinnati, O., has been taking Vola-Tonic, "Builder of Strength," only a short time she is so much improved that she says her husband can see a big change in her.

"I know I feel a lot better and the fact that my husband can see such a big change in me is convincing proof of the work Vola-Tonic has been doing in my case," Mrs. Bonner said.

"My stomach troubled me and I also have been nervous and run down for a long time," she continued. "I had indigestion and constipation and gas always formed on my stomach after eating. I was constipated so badly that I had to take laxatives all the time."

"Now, consider that I have only taken one bottle of Vola-Tonic and then see if you don't think what the medicine has done for me has been unusual."

"The constipation is gone. I do not have to take laxatives at all now. The indigestion is much better also and I am never troubled with gas on my stomach after eating now. My nerves, too, have been greatly improved by Vola-Tonic and I notice that I have been built up all over."

"My husband says he can notice a big change in my condition and that is convincing proof that the medicine has done me a great deal of good."

"It is a real pleasure for me to recommend Vola-Tonic to everybody who is suffering as I did."

Vola-Tonic, "Builder of Strength," brings the weakened, run down man or woman a good appetite and good digestion. It helps the stomach take strengthening nutrition from food to nourish and build up the body and system all over. Vola-Tonic also helps the nerves and permits sound, energy restoring sleep every night. As a result the weakened, run down man or woman soon returns to full normal strength and health.

Vola-Tonic, "Builder of Strength," is being specially introduced in Rushville at Frank E. Wolcott's. (Adv.)

Wearing White Collars

Newspapers have been printing semi humorous articles about the troubles of the large class of men ranked under the foregoing title, including such as clerks, bank employees, teachers and others who do not perform manual labor and can wear clean clothes. The present economic situation is no joke to these useful workers, who have not had wage advances equal to other classes of population.

Many of these services will have to be much better paid if they are to attract intelligent people. This is particularly true of educational work. The failure to advance salaries has made it very difficult to find teachers.

However, one reason why the "white collar man" has not fared as well, is that too many young men have been afraid of wearing overalls. The world is going to pay a higher price than ever before for its hard work. It will not pay relatively so much for adding up figures and measuring out ribbon.

Young men who want a good living must either acquire a high degree of manual skill and be willing to get their hands dirty, or they must attain exceptional ability as organizers and managers of business.

"This is the best country the sun shines on," says, a memorial to Congress from seven great agricultural organizations. Not only is this true but there is evidence that a lot of people who had forgotten this fact or doubted, are beginning to wake up to it as they study the turmoil and tumult of the rest of the world. In other words, the internationalist propaganda which would have the American people hold America in contempt is failing and losing its grip.

Our office devil asserts that if some people would use a little less paint on their faces and a little more on their fences this old world would not look so dilapidated.

John O'Grady was setting his cap for the daughter of Michael A. O'Toole, a prosperous contractor. John's business unknown to her was hock-carrying. Fair Mary's ambitions ran to higher things. One night when John was trying to talk shop—forcing the conversation to dreams of matrimony—his queen said:

"Mr. O'Grady, what is your business?" John was prepared for this and said:

"O'm a book keeper. 'Tis a daisy hand of write. In fact, Oi can use both hands with the pen."

"That's very nice," suggested Mary, at the same time wondering

if book keeping paved the way for a rise to governor or grand opera. About a week afterwards, while passing a tall building, she was shocked to see Grady totting a hod. He ascended the ladder and she strolled past, keeping an eye aloft. Two bricks teetered off the hod and came "ker-blunk" on the pavement.

"Mister O'Grady!" she called. John looked down and almost slipped from his perch.

"Pfhwat is it?" said he, feigning he didn't know her.

"You're spilling your ink!" said she, walking away in disgust.

The Velvet tin is twice as big as shown here

There's a World of Solid Comfort In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into any Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has *naturally* what pipe smokers want—real simon-pure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads. Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

There is No Remedy Like Vinol
 Those who are nervous, all run down, no appetite, can "hardly drag around" Vinol creates a hearty appetite, induces sound sleep, invigorates nerves, creates strength and quiets the nerves.

Here is Proof that Should Convince Everyone

Free, Ky.—"I was run-down, nervous, and had no appetite and could not sleep, so I was unfit to do any work. A doctor asked me to try Vinol. I did and now I sleep better, eat better, feel better in every way, and I truly recommend Vinol to others who are in a run-down, nervous condition."—Mrs. T. H. SHELTON.

St. Louis, Mo.—"I was in such a weak, run-down, nervous condition I could not do my work, and had lost all my ambition as I had taken so much medicine without benefit. Olive Thomas at Princess

There are several big moments in "Footlights and Shadows" the new Selznick picture at the Princess tonight, in which Olive Thomas is the star. It is by far the best action picture Miss Thomas has had and she does not depend alone upon her remarkable beauty to win admirers, for there is some real acting in the role she portrays. Miss Thomas, herself a former "Polliwog" girl, is seen as Gloria Dawn, a beautiful performer in a midnight revue, who is pursued by a man-about-town. During a performance on the roof a fire starts, and the man she loves is trampled beneath the panic-stricken crowd. Gloria rescues him, and the next day finds herself a heroine. When the scoundrel who is pursuing her comes to her apartment with an insulting proposal he is met by the man Gloria has rescued, and a fierce fight follows. Miss Thomas is supported by Alexander Onslow, a handsome leading man; Ivo Dawson, Robert Keeling, and other well-known screen players. The play was directed by John W. Noble, and shows excellent handling throughout.

"Carmen of the Klondike"
 Jumbled flakes of snow thrashing in a blinding gale into the little settlement town of Skawag, buried in the white-glazed folds of the Klondike Mountains, and sweeping over the desolate wilds of the Peel River Mountain county, forming barriers of snow and ice and defying the struggles of humanity to wrest the treasure of gold hidden beneath the frozen earth form only a few of the remarkable, colorful scenes in "Carmen of the Klondike," starring Clara Williams, which is shown at the Mystic today.

Many of the scenes in the picture represent the backwoods of Alaska during the gold rush days and the vividness with which they have been pictured on the screen is wonderful and is one of the strongest features of the production from the standpoint of artistry. But the scenic beauty alone is but an incident in the construction of the picture—it merely serves as a fascinating and alluring background for a drama intense with action and unusual situations.

One of the gripping incidents in the film is a race in the woods between "Carmen" Stewart, played by Edward Coxen and "Sik" Mc-

Donald, portrayed by Herschel Mayall, to file a claim which has just been started. In the face of a howling blizzard and ignoring the raging of the elements, the two men struggle for supremacy. They stagger in the awkwardness of their snow-shoes and battle until their brute strength is forced into submission by exhaustion. But one of the fighters, his "hulk" of muscle weakened by the combat, resorts to another method—a knife. There is a glint of steel in the light that filters through the snow and trees from the camp-fire and the audience is surprised by a startling anti-climax of the story.

"Some Time" at Murat

Frank Tinney, the chief fun maker in the musical attraction "Some-time" will hold forth at the Shubert Murat Theatre, Indianapolis, all week February 16, with matinees Wednesday and Saturday. This merry musical play comes after a nine months run at the Casino Theatre, New York, and arrives also with the pound record of having outlasted every other musical play in New York last season.

"Some-time" likewise arrives under the direction of Arthur Hammerstein.

The book contains a plot replete with comedy, fun and romance. Of the lyrics and song numbers the melodies are of the lilting kind and there are songs of love and sentiment that will be found most charming. Of the music claim is made by the management that Friml has outfringed himself and that it is of that exquisite, dainty, tinkling kind that sets blood a-tingling and a-coursing through the veins in ecstatic gleefulness.

In the cast support of Mr. Finney are noticed the names of Coraline Waide, Ida May Chadwick, Clara Louise Evans, Mildred Lague, Harold Murry, Dehaven and Niece, Charles Morrison, Dan J. Burton, George Gingham and an ensemble of 30 refreshingly stunning girls each and every one of which possesses both voice and nimble feet, which add charmingly to the rendition of the 20 odd song numbers and the numerous terpsichorean gyrations that help to make up the two-and-a-half hours of sparkling fun-frolic which abounds in this Hammerstein production. Reserved seats for the attraction may be purchased from Hargrove and Mullip.

A campaign to enlist schoolgirls in the dressmaking trade is to be inaugurated by the Cincinnati Dress-makers' Association.

DON'T FUSS WITH MUSTARD PLASTERS!

**Musterole Works Without the
Blister—Easier, Quicker**

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars, hospital size \$2.50.

Mrs. Holmes' Bible class will meet Friday afternoon at the home of Mrs. D. C. Compton, 314 West Third street.

The Immaculate Sodality of the St. Mary's Catholic church will give a euchre card party and box supper in the K. of C. hall Thursday night. Everyone is cordially invited to attend.

Mrs. S. A. Bartlett, Miss Jessie Anderson and Mrs. L. B. Miller attended the reception given at Milroy today for Mrs. Anna Bowles, who celebrated her 99th birthday anniversary.

The Pastor's Aid society of the Christian church met yesterday afternoon in the parlors of the church

for their regular meeting and business session. No business of importance was transacted at this meeting.

The Woman's Home Missionary Society of the St. Paul's M. E. church will be entertained tomorrow afternoon at two o'clock at the home of Mrs. Herbert C. Flint, 1109 North Perkins street. All members are urged to attend.

Miss Belle Gregg was hostess for the members of the Shakespeare club last evening at her home in North Jackson street. The interesting program given was in charge of Miss Katherine Petry. During the social hour following the program dainty refreshments were served. Mrs. C. L. Smullen was the assisting hostess.

The Industrial Club enjoyed a delicious pitch-in dinner yesterday at the home of Mrs. William Offitt, in East Sixth street. Eleven members of the club and six visitor were present for the meeting. The afternoon was enjoyed knitting comforts and piecing quilts. The out-of-town guests present were Mrs. Auerine, of Vincennes, Ind.

Mr. and Mrs. O. S. Williams pleasantly entertained at their country home west of Rushville Saturday afternoon in honor of their son Oscar Stanley Jr., who celebrated the twelfth anniversary of his birthday. The home was beautifully decorated with valentine emblems and a large birthday cake, surmounted by candles, formed the centerpiece for the dining table. Games, contests and music provided entertainment for the afternoon. A valentine postoffice also added to the merriment. At the close of the afternoon dainty refreshments were served. Those present were Ruth Miller, Beniah Willis, Thelma Lowden, Julia Pasz, Evelyn Hufford, Fern Theobald, Sarah Edwards, Katherine Parker, Charlotte Walker, of Indianapolis, Floyd Miller, Donald Mead, Wallace Inlow, Lester and Lewis Master, Carl and Earl Fletcher, Freddie Hufford, Lewis Parker, Robert James, Eslei Dearinger, Fon and Murle Kemple, Marion Krammes and Hubert Galimer.

SPENDS NIGHT IN JAIL

**Richmond Woman Gets Lost Here
Between Depots Last Night**

A woman who gave her name as Elizabeth Tucker of Richmond, was picked up last night by Patrolman Pea, as she was wandering about the city streets unable to give much of an explanation. She told the officer that she was on her way to Westport and was placed on the train at Richmond by the township trustee. When she reached here she became lost in making the transfer of depots and missed her train for Westport and began wandering the streets. Rather than impose upon the Salvation Army, she said she would remain in jail. This morning local authorities made arrangements for her to complete her journey to Westport.

WILL GIVE VOCAL LESSONS

**Indianapolis Man Will Open a Class
Here Monday**

Charles Dobson, a vocal instructor of 633 N. Pennsylvania street, Indianapolis, was here yesterday and completed his plans for conducting a vocal class in this city. He will give weekly lessons here on Monday afternoon and night of each week and will be at the home of O. R. Zimmer, 734 North Morgan street. Mr. Dobson has been successful with classes in other cities and has at present such organizations in Knightstown and Franklin. Mr. Dobson studied under Oscar Saenger of New York City, and was bass soloist in the Indianapolis Community chorus which presented the "Messiah" during Christmas week in that city.

SHERIFF WANTS 3RD TERM

Connersville, Feb. 11.—James Steble, now completing his second term as Sheriff of Fayette county, today announced himself a candidate for the Republican nomination to succeed himself. His announcement is not a surprise. It is not anticipated that he will have any opposition for the nomination, and his opposition in the election—that is the Democratic nominee who will make the race against him—is as yet unrevealed and undoubted.

Miss Myrtle Schmalzel has resigned her position at the Neutzel-Miller shop and has accepted a similar position with the Plough Hat shop, in North Main

Old Friends Didn't Know Him
Man Moved Away Seeking Health—Gains Thirty Pounds—Praises Tanlac

William Johnson, who left Peoria, Ill., a few years ago in search of health, came back to his old home on a visit, recently, so improved in health and relatives hardly knew him on first sight.

"A few years ago," said Mr. Johnson, "I moved to Athens Park, Ind., my present home, for no reason than to try and get my long lost health. I was so utterly run-down on account of health trouble, disordered kidneys, nervousness that I couldn't do good at my trade as carpenter. Neither change of climate nor kind of medicine did me any good and I kept getting worse. I was not only disappointed, but discouraged, as my stomach got so bad that I could not eat anything without bloating all day. This gas caused my heart to beat and, at times, the pain in my stomach were so severe I would just lie down on the floor and roll over and over. My stomach was so sour that it burned and I often had such terrible headaches that I could not sit at the house for a day or a time. My kidneys bothered me constantly and my back couldn't stand me much worse if it had been breaking in two. These pains in my back were so intense for a little while at a time that I couldn't get up. I could hardly get to sleep and was just miserable. Finally a friend of mine, knowing my dreadful condition, begged me to try Tanlac. I was so tired to get well that I was willing to try anything. So I started taking Tanlac and in a few days I had gained that absolutely surprised me. In a short time I was eating and that I had not dared touch for five years, and they did not know. I began sleeping better and see some improvement every day. I just stuck right to Tanlac and have made a new man of me. I have good business in Colorado and am able to look after it. My health is fine. I am ten pounds heavier than when I was taking Tanlac, haven't an ache or a pain, and can work as hard as I ever could in my life. My stomach is in fine shape, I eat like a lion and one meal tastes as good as another. In fact, I am a man in every way and I don't give one bottle of Tanlac for the changes of climate or any of the medicine you could mention." Tanlac is sold in Rushville by F. J. Hanson & Co.; in Milroy by Dalrymple; in Manila by Geo. J. and Arlington by Mrs. L. T. (Adv.)

INSPECTS HOMES OF KRUPP WORKERS
W. H. Smith's Trip May Result in Some New Ford Ideas as to Workmen's Housing

INTERESTED IN SYSTEM

About a Third of Krupp Workmen are Housed in Colony Homes in Essen and Outside

By CARL D. GROAT
(U. P. Staff Correspondent.)

Essen, Germany (By Mail)—W. H. Smith, social welfare worker of the Ford Motor Company, Detroit, has recently been here to inspect the "colony homes" of the Krupp works. Henry Ford is interested in social welfare problems for his workers, and the Smith trip may result in the housing system, the sick benefits, the old age pensions, and so on instituted long since the Krupp works.

About the third of the Krupp workmen are housed in the "colony" homes in Essen and outside. Many of these homes resemble in some ways a comfortable California bungalow—half cement or brick and half wood. All are clean, and cozy. All have lace curtains at the windows, a bit of vine growing about them, and altogether with an air of "Gemuetlichkeit"—and untranslatable German word which conveys several ideas, such as comfort, decency, general well-being.

For superannuated workmen and their families there is a special colony group. Also there are general hospitals and a lying-in hospital given by Frau Krupp von Bohlen in memory of one of her children who died. Down in the Rhine country is a special recuperation home for injured or sick workmen, which for a time was used by the American army as a hospital but which the American authorities recently agreed to turn back for its original purposes inasmuch as it was no longer needed for the doughboys.

During the war, the company was forced to build many barracks to take care of extra workers. Some of these are still standing, but, all in all, Essen has readjusted itself from the dwelling standpoint to the basis of before the war.

Big Value in Tires for Small Cars

Back of the manufacture of Goodyear Tires for small cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3, 30x3 1/2, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that, if you own a Ford, Chevrolet, Dort, Maxwell or other car requiring the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

- 30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$20.00
- 30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$17.65
- Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag \$3.90

WRANGEL OWES LIFE TO AMERICAN DOCTORS
Story of New Commander-in-Chief of Denekin's Army Illness and Recovery Just Published

FIRST CONTACT WITH U. S.

(By United Press.)

Ekaterinodar, South Russia (By Mail)—Baron Wrangel, the new commander-in-chief of the Denekin army owes his life to the skill of American doctors attached to the Red Cross hospitals here. The story of his illness and recovery has been published here for the first time in connection with the announcement of his promotion to the command of all the South Russian Volunteer armies.

It was six months ago that General Wrangel was struck down by typhoid fever. He had just established his position as Denekin's ablest general by capturing 200,000 prisoners in a few months. The whole staff of the Volunteer army was vitally interested in his securing the best possible medical attendance. At General Wrangel's own request, he was brought to Ekaterinodar, where the Red Cross had established a large hospital. His case proved a very stubborn one, and for a time it was feared that his life could not be saved. But after a five weeks' battle, he passed the crisis, and was soon on the way to convalescence.

This was Wrangel's first contact with the United States, and since then he has never lost an opportunity of expressing his appreciation of what he feels he owes to that country.

IDAHO VOTES ON SUFFRAGE.
Boise, Idaho, Feb. 11—The Idaho legislature met here in special session to-day to consider the suffrage amendment. There was assurance in advance that the legislature probably would ratify the federal amendment by nearly unanimous vote. This was the only purpose for which Governor Davis called the session together.

Indiana Woman Tells of Experience
Lafayette, Ind.—"Eighteen years ago I first became acquainted with Dr. Pierce's Favorite Prescription. It was during expectancy and I was very frail and delicate. But the 'Favorite' strengthened me and I had a comparatively easy time. My baby was a strong, healthy girl and has always been fine and healthy. For the expectant mother I think there is nothing to equal 'Favorite Prescription.'"

"The 'Pleasant Pellets' I keep in my medicine closet for immediate use and feel that I couldn't keep house without them."

Could Not Sleep
La Fayette, Ind.—"A short time ago I was in a terribly nervous condition so that I could not sleep at night. I would have simply dreaded sleep. My doctor recommended Dr. Pierce's Favorite Prescription to me and it helped me wonderfully. The first half bottle cured me of my nervousness and made me able to sleep at night just as quiet as a child. It also relieved me of periodical suffering which used to bother me a great deal. Dr. Pierce's Favorite Prescription is a grand tonic for women and I do not hesitate to recommend it."

—MRS. CHAS. COLEMAN, 631 Ferry St.

Franklin, Ind.—When living in Kirtlandville, Ohio, I took Dr. Pierce's Favorite Prescription. I was always complaining of nervousness and was very weak. This medicine was recommended to me and I thought I would try it. I found results good. It certainly helped me. I will recommend it to any woman and I do not hesitate to recommend it."

—MRS. CARRIE HEADLEY, 411 N. Main St.

"Women who are weak and who are suffering from nervousness, or who are suffering from any of the ailments mentioned above, should take Dr. Pierce's Favorite Prescription. It is a grand tonic for women and I do not hesitate to recommend it."

—MRS. CHAS. COLEMAN, 631 Ferry St.

You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has no equal as a blood purifier, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 49 Swift Laboratory, Atlanta, Ga.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people who don't know about this simple recipe to be constantly sniffing and sneezing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

MONTE CARLO OPENS FOR LIVELY SEASON

For First Time in Five Years Life Had Regained Its Gayety And Brilliance

TO BE EXTREMELY LIVELY

(By United Press.)
Nice, France, Feb. 11.—With the first shot of the Battle of Flowers at The Riviera today, the international social season was opened—and today for the first time in five years life here had regained its gayety and brilliance.

Beginning with to-day's festivities, the season's dates, as announced by the Cannes committee on Feb. 10, includes the Horse Show, March 6 to 16; the automobile show, March 16 to 23; Automobile Gymkhana, March 23 to 29. The second battle of roses will be held March 31 and the dog and cat shows are set for April 6 to 10. In the meantime, scores of balls, sporting events—aviation tournaments, golf matches, tennis games, etc.—are plentifully sprinkled in between the main dates.

For five years the hotels on the waterfront had been occupied by convalescent soldiers and hundreds of troops, including Americans, on leave from war duty in the north and east. To-day practically every available room is taken or booked for the season which promises to be extremely lively and successful.

At Monte Carlo the roulette wheels spin. At the tables there are not now the Russian grand dukes who used to win and lose so carelessly, but their places are taken by scores of members of royalty and near-royalty who sought refuge from political adversities in various parts of the world.

CARSON CELEBRATES HIS 66TH BIRTHDAY

Famous Ulster Leader Received
Many Congratulations—Perhaps
a Few Sinn Fein Curses
HAS INCOME OF \$150,000

(By United Press.)
London, Feb. 10.—(By Mail)—Sir Edward Carson, famous Ulster leader, to-day received many congratulations—and perhaps a few Sinn Fein curses—on the occasion of his 66th birthday.

Sir Edward, who is as hearty and vigorous as a man forty years his junior, has fought the cause of Ulster against Home Rule all his life. In 1912 he formed an "Ulster Provisional Government" and worked out a complete scheme of administration which he declares is still ready to be put into immediate operation if the British Parliament or Sinn Fein attempts to coerce Ulster. "Ulster will fight and Ulster will be right," said the late Lord Randolph Churchill, and this has long been Carson's motto.

Carson is a "King's Counsel" and his legal earnings for many years must have been enormous, as he has been in every cause celebre, at huge fees, for the past thirty years. At present he is credited with an income of from \$150,000 to \$250,000 a year, and he is certainly the highest priced lawyer to-day.

BASEBALL DOCTORS HOLD CONFERENCES

To Put Fingers on Pulse of Sport and Diagnose Some of the Ills of the National Pastime

TO SELECT COMMISSION HEAD.

Moguls Face Task of Drawing Up New Agreement That Meets With Approval of Both Factions

Chicago, Ill., Feb. 11.—Baseball doctors will put their fingers on the pulse of the sport and diagnose some of the ills of the national pastime at a series of important conferences starting here yesterday.

Future of the diamond game depends to some extent upon the results of pow-wows between the major leagues, in individual and joint sessions, a meeting of the national commission and a conference with the minors.

Free of internal strife, the National league magnates have nothing on their schedule that promises red head-lines for the sport pages. There may be some differences on the award of "plum dates" on the 1920 schedule and they may not be unanimous in a choice for a new commission chairman but President John Heydler is confident of being able to steer his bark around any threatening rocks.

Of late, any American league meeting smells of brimstone. The two factions—the "faithful five" of Ban Johnson and the "rebellious three" probably will toe the mark with huge chips on each shoulder.

The barons of the younger circuit have a heavy card of business carried over from the December meeting in New York which ended in a row. In addition, they have the new schedule to consider. It's Ban Johnson's schedule and anything of Ban's is due for three "pay" votes, as affairs now exist in the league.

Selection of a chairman to take the post which Garry Herrmann resigned is the ticklish task allotted to the national commission.

American league policies may stick its pugnacious fist into this session if Henry J. Killilea, is a candidate. The Boston-Chicago-New York clan of insurgents will lobby against his choice on the grounds that he is a Johnson henchman and that his appointment would not loosen the grip that Johnson had on the commission through his lieutenant, the Red Chieftan.

National league magnates are said to favor anyone who know baseball and who hasn't a financial string on any club in either league. Judge Kenesaw M. Landis, local jurist and fan, has been spoken of for more than a year and while he has the support of the National league he is said to be opposed by Johnson. Other candidates who have been in print since Herrmann announced his intention of giving up the scepter are "Big Bill" Edwards, John B. Foster and Senator James J. Walker, of New York, sponsor of the new boxing bill in the Empire state.

The conference with the minors is just but not least on the schedule. With common agreement on only a few points, the moguls face the task of drawing up a new agreement that meets with the approval of both factions.

The committee appointed by the minors to confer with the majors consists of David L. Fultz, International league; Thomas Hickey, American association; Al Tazewy, Three-I league; John D. Martin, Southern Association; J. W. Mose, Texas league; John Hanlon, Western League; and John Farrel, secretary of the National Association.

One of the demands of the minors which may meet with disapproval, is for representation on the national commission. New provisions for the draft and other important measures are to be considered also.

Women administering property in their own right will be permitted to vote in the first national election in Jugo-Slavia, according to a decision reached by the government.

UNITED DOCTORS SPECIALIST

Brings the knowledge of their Organization and experience in Their Successful Treatment of THOUSANDS OF CASES

Offers Services Free of Charge

The United Doctors is an organization of reputable, licensed physicians. They are all specialists in the treatment of certain diseases. They treat without surgical operations diseases of all internal organs, stomach, intestines, constipation, piles, liver, spleen, heart, nerves, skin, rheumatism, sciatica, goitre, tapeworm, leg ulcers and all long standing, deep seated diseases. Many years experience. The complete record of thousands of cases successfully treated prove that their methods are right. They were among the first to earn the name.

"BLOODLESS SURGEONS"

Each staff member has at his command the knowledge and resources of the organization. Many people suffer from diseases that can be alleviated just because they cannot afford to go to high priced Specialists and Hospitals at a long distance from their home. No community has a sufficient number suffering from these diseases to support special Hospitals for their treatment and cure. The United Doctors have solved the problem. Their highly trained Specialists go to each community and will advise a proper course of treatment for the sufferers and instruct them how to take care of themselves at home. No matter what you have been told or the experience you had with other physicians, consult him on this visit. It costs nothing. If your case is new, while he will give you advice as may stay and relieve the disease. Married ladies must come with their husbands and minors with their parents. Laboratories, Indianapolis, Wisconsin.

Hog Cholera

We do not claim that ACNE WORM BOUNCER will cure Cholera or any other violent plague, but pigs and hogs that are not loaded with worms are not so apt to take disease.

Feed ACNE WORM BOUNCER from birth to maturity. As a source of preventive is worth a pound of cure.
